Thanks for a great slide show- Everyone I talked to loved it and now I am psyched on climbing those peaks this summer. – Mountain Magic Equipment, Banff

Many thanks for your wonderful ACC presentation on the 11,000ers of the Canadian Rockies. What an enjoyable, inspiring and beautiful slide show. It definitely lived up to all expectations of your high standards – Calgary Section, Alpine Club of Canada

*Bill's reading last night was a great success. The room was filled to capacity (actually a little more than capacity as we had to bring in extra chairs). He did a really great job and his slides are wonderful. The written evaluations were all extremely positive and complimentary.
